

Noah System Electronics GmbH

DEVELOPMENT AND PRODUCTION OF POWER ELECTRONICS

FIRE FIGHTING EQUIPMENT

PAFFST - Rosenbauer

Description

- application : fire fighting
- qty: 50 - 100 per year
- project: 000011
- status: series

Features

- using innovative Press-fit technology
- compactness
- increased vibration resistance
- ASU Relay 1.0
- total current more than 300 A
- faster assembly on the conveyor
- elimination of errors during assembly

PAFFST - Rosenbauer

Description

- application : fire fighting
- qty: 50 - 100 per year
- project: 000011
- status: series

Features

- programmable ASU Relay 1.0
- current and temperature control
- battery control
- emergency Power Off
- switching current 30/15 A

Thanks!
